Man's best friend's best friend keeps him running true to form.

Peak condition in a dog is an important thing especially with racing greyhounds. At tracks all over the country, these highly trained and expensive dogs are examined by a Veterinary Surgeon before every race. The Veterinary Surgeon's expert knowledge and skill in the handling of the dog is also blended with a real sense of concern with these beautiful animals—and they recognise in him a real friend, looking after their welfare from puppyhood throughout the whole of their life.

That is why so many Veterinary Surgeons recommend 'Epivax-T.C.' Vaccines to make a dog's life safer and happier. During the last decade, millions of dogs have been protected by 'Epivax' Vaccines. 10-day, 'Epivax-T.C.' Vaccines give even greater protection against the serious diseases of distemper, contagious hepatitis, canicola disease, and leptospiroal jaundice.

So consult your Veterinary Surgeon about 'Epivax-T.C.' Vaccines and help man's best friend's best friend to keep him running true to form.

In the event of such fines not being paid within the time stipulated by the Committee, the Exhibitor or Exhibitors may, at the discretion of the Committee, be dealt with as if a complaint under Kennel Club Rule 17 had been lodged against him or them and proved to the satisfaction of the Committee.
